

Academic Achievements: 2024-25

1. Environmental Education

Environment education is a process that helps individuals understand the natural world, the impact of human activities on the environment, and the importance of conservation and sustainability we give importance on –

- a) Raising awareness about environment issues.
- b) Promoting eco-friendly behaviors.
- c) Encouraging sustainable development.
- d) Fostering critical thinking and problem solving skills.

To achieve all these we adopt the following teaching strategies –

- a) Hands- on learning
- b) Interdisciplinary approach.
- c) Real-world applications.
- d) Technology Integration

We focus on environmental education, we can empower individuals to become responsible stewards of the planet and promote a more sustainable future.

2. Sports achievements

“It is hard to beat a person, who never gives up”.

Sports are important for physical and mental health as well as for personal growth and social interacting keeping this in view we organise Annual Sports every year to inculcate a spirit of positive challenge and sportsmanship among the students and prepare them for a golden future ahead we organise different sports among four Houses of our school.

Students of D.A.V. Public School, Puri Road Garage Chhack, Sisupalgarh have participated in various national and international sports and competitions organised by Sahodaya Complex Bhubaneswar Chapter.

Students of D.A.V. Public School Sisupalgarh have brought laurels to the school with their commendable achievement in various Inter-school competitions held in district level. School sports team made school proud by participating in the following sports events :

Interschool Football Match : ODM Global school

Basketball Tournament : Mother's Public School.

Interschool Kho-Kho : Royal Public School

Our school organise Annual Sports every year and qualified students achieved medals and certificate in different sports. Inter House Kabaddi, Football, Volleyball, Basketball and Kho-Kho games are organised at school in every year.

3. Innovation

Innovation is the practical implementation of ideas that results in the

introduction of new goods or services or improvement of new goods or services or improvement in offering goods and services. Technology in schools is crucial as it provides students with immediate access to information, enhances engagement through interactive learning, fosters collaboration and prepares the students for the increasing tech-driven world they will live in D.A.V. School provides all these following facilities at school.

Interactive white board.

Educational apps

Online resources

Artificial Intelligence

Virtual Reality

Automated assessments and adaptive learning

Power Point Presentation

Messaging apps

Computer

Grading software

Projector

Online scheduled applications

4. Overall Results

The year has been a very eventful for us. We have made great efforts to transform ourselves completing into the CBSE's updated scholastic format and have been extremely successful in most of our endeavours. Excellence in academic is the hallmark of a good institution and class-X results of our school prove without an iota of doubt that our students have made proud. We are happy to share with the details of the commendable performance of our students. This year our students attained 100% results. Out of 108 students 21 students got above 90%. 23 students got above 80% and rest of the students achieved 70% & above. In this we congratulate Swastik Suman Sahoo and Swayam Sovit Bastia who secured the 1st position in CBSE Std-X Board Examination and became school topper with 97.8%.

5. P.T.A Activities

The Parent-Teacher Association (PTA) at D.A.V. serves as a vital bridge between parents, teachers, school staff, and the larger community, working collectively to ensure a well-rounded and enriching educational experience for all students. As Margaret Mead aptly stated, "Never doubt that a small group of thoughtful, committed citizens can change the world; indeed, it's the only thing that ever has." This quote perfectly encapsulates the essence of the PTA, where dedicated individuals come together to create meaningful change, striving to make every child's potential a reality. The PTA plays a crucial role in advocating for students, addressing their needs, and fostering an environment where children can thrive academically, socially, and emotionally. Through active engagement

and empowerment of families and communities, the PTA ensures that the voice of every child is heard, and their growth is supported in a holistic manner.

The core values of the D.A.V. PTA—collaboration, commitment, diversity, respect, and accountability—form the foundation of its efforts. Collaboration ensures that parents, teachers, and staff work hand-in-hand toward shared goals, while commitment highlights their unwavering dedication to student welfare. By embracing diversity, the PTA values the unique perspectives, cultures, and experiences that each individual brings, fostering a more inclusive and supportive community. Respect remains a cornerstone, encouraging mutual understanding and positive relationships between all stakeholders. Finally, accountability underscores the importance of taking responsibility for actions, ensuring transparency and trust within the community. Together, these values drive the PTA's mission to create a nurturing environment that not only supports students' education but also empowers families to be active participants in shaping their futures.

6. Important SMC decisions

The School Managing Committee (SMC) plays a pivotal role in ensuring the smooth and effective functioning of the school. Rooted in the principle that those who are impacted by a decision, possess expertise in the matter, and are responsible for its implementation should be involved, the SMC serves as the school's primary decision-making body. It handles critical matters that shape the overall administration and management of the institution. Key responsibilities include overseeing the school's budget and fiscal planning, ensuring financial stability and transparency. The SMC also formulates assessment strategies to analyze and interpret students' performance data, helping identify areas for improvement and implementing solutions to enhance the quality of education.

In addition, the SMC is responsible for resource allocation, ensuring the availability of necessary tools and materials to support academic and extracurricular activities. It plays a central role in curriculum planning, ensuring it remains relevant and comprehensive. The committee also addresses salary adjustments and performance-based pay, fostering a culture of motivation and productivity among staff. Recognizing and celebrating employees for their accomplishments is another important decision taken by the SMC, which strengthens morale and encourages excellence. Through these decisions, the SMC ensures the school's mission of delivering quality education and fostering a supportive learning environment is achieved effectively.
