## **ANNUAL REPORT: 2024-25**

“Big dreams begin with small steps; start now and don’t wait for the perfect time”.

Challenges may seem overwhelming, but with perservance, you can accomplish them. Take charge of your life and shape your future through your action today. Success is not measured by what you achieve, but by the obstacles you overcome.

“Let today be the start of something new”.

This year has been a very eventful one for us. We have made great efforts to transform ourselves completely into the CBSE’s updated scholastic format and have been extremely successful in most of our endeavours. Excellence in academic is the hall mark of a good institution and class-X result of our school prove without an iota of doubt that our students have made us proud. We are happy to share with the details of the commendable performance of our students. This year our students attained 100% result. Out of 108 students, 21 students got above 90%, 23 students got above 80% and rest students achieved 70% above.

In this we congratulate Swastik Suman Sahoo and Swayam Sovit Bastia who secured the 1<sup>st</sup> position in CBSE Std.-X Board Examination and become school topper with 97.8%.

We provided additional support to students needing extra attention, remedial classes for weak students and mentorship programme for struggling students. We are proud of the consistent hard work and determination shown by both students and teachers. Our school also introduced digital learning resources and interactive teaching methods to ensure learning remained engaged and effective especially in challenging times.

In addition to academic excellence, we believe in the importance of a well-rounded education. Over past years our students have actively participated in a wide range of extracurricular activities from sports to performing arts and literary competitions. School organises competitions like debate competition, English essay competition, Recitation competition, Fancy dress and Dramebaz competition, calligraphy competition, dance and song competition, inter-house Quiz and Antakshyari competition and students achieve so many trophies and awards throughout the year.

Students participated in S.O.F., Kida Olympiads and Gowbell Olympiads organised by school and all the qualified students won medals both in the national and international sphere.

Students can learn about different cultures, traditions, values and patriotism promoting inclusivity and respect. Keeping this in view, school has organised investiture ceremony, Independence day, Gandhi and Shastri Jayanti, Netaji Jayanti, Republic Day, Sanskrit week, Hindi Diwas, Children’s Day, Teacher’s Day, Sports Day, Yoga Day, Holi, Diwali, Ganesh Puja, Saraswati Puja and many other festivals and celebrations.

At the beginning of the session, we organise a colourful fresher's ceremony was organised to render a hearty welcome to the children of LKG, newcomers and a blessing ceremony to give farewell and bless the children of Class X students.

Co-curricular activities boost self confidence, creates a sense of commitment and help to discover the hidden talent of a child. The children of our school have participated in different co-curricular competitions organised by different organisations and schools.

Our teachers remain at the heart of our success. This year we focussed on professional development, by organising a workshop based on Art Integration to enhance their teaching methodologies and integrate new technologies to classroom. Many of our faculty members participated in inter-school and national seminars related to subject like NEP, Artificial Intelligence, stress management and many more further strengthening our academic standing and bringing innovative teaching practices back to school.

Our non-teaching staff are the backbone of our school. As a part of community engagement and social responsibility they have engaged in various social works. Our students and staff actively participated in cleanliness drives, tree plantation initiatives and awareness programmes on environmental sustainability time to time instructed by CBSE.

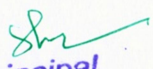

Adding further to our success stories, the management always looked forward by procuring and planning a second campus at Pipili. The new campus is about 3.5 acres of land and aims to provide all the modern facilities from Nursery to Std. XII along with integrated management classes. The contributions for buying the land at Pipili by our staff and well wishers is solicited.

This year has been one of growth, learning and success. At our school we are committed to continuous improvement and innovation in all aspects of education. As we look ahead we aim to build on these achievements creating more opportunities for our students to thrive both academically and personally. I express my sincere gratitude to our dedicated teachers, supportive parents and hardworking non-teaching staff and our dear students for making this year a resounding success.

Together we will continue to strive towards excellence.
